**RE: Form 481 – Carrier Annual Reporting Data Collection Form
WC Dockets No. 10-90, 11-42 and 14-58
Alhambra-Grantfork Telephone Company (SAC 340978)**

Dear Ms. Dortch:

Pursuant to sections 54.313(i) and 54.422(c) of the Commission's Rules and the Commission's *Protective Order*¹ in this proceeding, Alhambra-Grantfork Telephone Company ("the Company") hereby submits two copies of its "FCC Form 481 – Carrier Annual Reporting Data Collection Form," which was or will be timely filed with the Universal Service Administrative Company and the appropriate state commission on or before July 1, 2014, and which includes a Redacted Confidential Document containing proprietary and confidential financial and 5-year service quality improvement plan information that has been obscured.

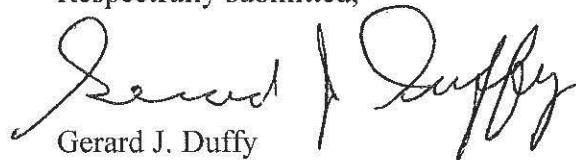

¹ *In the Matter of Connect America Fund, et al.*, PROTECTIVE ORDER, WC Docket No. 10-90, et al., DA 12-1857, released November 16, 2013.

REDACTED – FOR PUBLIC INSPECTION

The Company seeks confidential treatment under the *Protective Order* for the financial information included in its report pursuant to §54.313(f)(2). Confidential treatment of this information is appropriate on the grounds that it is commercially sensitive information that is not normally released to the public. The Company is also submitting a copy of its FCC Form 481 (including the Redacted Confidential Document) via the Electronic Comment Filing System.

The Company has submitted a separate letter requesting confidential treatment pursuant to Section 0.459 of the Commission's Rules for certain proprietary and confidential portions of its "5-Year Service Quality Improvement Plan."

Respectfully submitted,

Gerard J. Duffy

RE: Rule Section 0.459 Request for Confidential Treatment
Alhambra-Grantfork Telephone Company (SAC 340978)
FCC Form 481 - Carrier Annual Reporting Data Collection Form

Dear Ms. Dortch:

Alhambra-Grantfork Telephone Company ("the Company"), by its attorney, hereby requests, pursuant to Section 0.459 of the Commission's Rules, that the redacted portions of the Company's "5-Year Service Quality Improvement Plan" be withheld from public inspection.

In accordance with Section 0.459(b) of the Commission's Rules, the Company states:

1. The specific information for which confidentiality is sought is comprised of the charts detailing annual projected network improvements and upgrades for voice and broadband services during the period from 2015 through 2019, and projecting capital expenditures and operating expenses for voice and broadband services during the same five-year period.
2. This information is submitted in compliance with the requirement in Section 54.313(a)(1) of the Commission's Rules that recipients of high-cost support submit a progress report on their five-year service quality improvement plans.

REDACTED - FOR PUBLIC INSPECTION

Marlene H. Dortch, Secretary
June 25, 2014
Page 2 of 3

3. This information regarding the nature and timing of the Company's construction and network improvement plans, and the estimated costs thereof, is proprietary and confidential commercial and financial information that is routinely withheld from public inspection.

4. The voice and broadband services for which the 5-year service improvement plans have been prepared are subject to potential competition from competitive local exchange carriers, cable television system operators, electric power utilities, fixed and mobile wireless service providers, and/or satellite carriers. Even where such competition is not active at present, the nature and scheduling of the Company's network upgrades and the size and timing of its related expenditures constitute very valuable competitive intelligence for any entity that may be contemplating or planning entry into one or more portions of the Company's service area.

5. Again, whether or not the Company has an active competitor at the present time, there are numerous potential competitors and the nature and scheduling of the Company's network upgrades and the size and timing of its related expenditures constitute very valuable competitive intelligence that can greatly assist the planning of any entity that may be contemplating entry into one or more portions of the Company's service area.

6. The Company limits internal access to its 5-year service improvement plan to its key employees and consultants who need the information for planning, reporting and management purposes. The plan is not posted on any Company website, or included in any Company press release, report or other document that is available to the general public or to unrestricted portions thereof.

7. The Company does not make its 5-year service improvement plans available to the public, and has not previously disclosed the present plan or similar previous plans to third parties.

8. The Company requests that the individual annual charts included in the plan not be available for public disclosure until at least the end of the next full calendar year following the calendar year to which the chart applied. Competitors and potential competitors should not be able to see the Company's network deployment and expenditure plans for a particular year prior to the year, during the year, or during the year following the year (particularly because weather and other factors can cause construction delays). After that period, projects are generally completed, and competitors are able to observe directly or read published reports of what the Company actually did to improve its network and services.

REDACTED - FOR PUBLIC INSPECTION

Marlene H. Dortch, Secretary

June 25, 2014

Page 3 of 3

The Company notes that it is also redacting and claiming confidential treatment, pursuant to the Bureau's *Protective Order*, DA 12-1857, released November 16, 2012, for the financial information submitted in compliance with the requirements of Section 54.313(f)(2) of the Commission's Rules.

Respectfully submitted,

Alhambra-Grantfork Telephone Company

REDACTED - FOR PUBLIC INSPECTION

**5-Year Service Quality Improvement Plan
47 C.F.R. §54.202(a)(1)
Alhambra-Grantfork Telephone Company**

Five-Year Service Quality Improvement Plan

Company Information:

Alhambra-Grantfork Telephone Company ("Company") is a locally-owned independent rural local exchange carrier providing telecommunications services in portions of Madison and Bond Counties in the State of Illinois. Established in 1954, the Company serves a population of approximately 2,500 within the Alhambra and Grantfork village limits and with the surrounding areas may provide services to approximately 1,100 total homes passed in the exchange service territory. The Company's customer base is primarily residential customers located in the service area. A small portion of the Company's customers are small businesses employing less than 20 employees. In addition, the Company provides services to a local elementary school a public library and two U.S. Post Office locations.

The local exchange service territory is over a geographic area of approximately 120 square miles which includes 259 route miles of facilities including both copper and fiber distribution cable. The premise density of the total service territory area is approximately 9 households per square mile and the average number of customers per distribution cable mile is approximately 4 customers per cable facility mile. Since 2011, the Company has been deploying fiber-to-the-home technology to satisfy customer demand for broadband usage, speeds, and applications. In order to ensure that the Voice Telephony supported services would continue to be provided in a satisfactory manner, in 2010, the Company installed a soft switch to replace an old legacy switch that was at the end of its economic and useful life. To ensure reliability, the network contains the necessary emergency power equipment such as back-up generators and battery-rack, as well as fiber redundancy to ensure continued operation in cases of natural or man-made disasters.

The receipt of Federal Universal Service Fund ("USF") support, combined with other funding sources should allow the Company to continue to provide reliable, state-of-the-art, high-quality voice and broadband service to its approximately 960 rural customers. Alhambra-Grantfork Telephone Company has two wire centers: **ALHBILXEDS0** in Alhambra, Illinois and **GRNTILXERS0** in Grantfork, Illinois.

Contingencies:

With the uncertainty of current and potential regulatory action on rural rate-of-return carriers the Company is taking a balanced and realistic approach in the development of this plan. Based on current data and analysis, the Company is not certain that adequate recovery for all the necessary investments to complete a full fiber-to-the-home build out will be available throughout the forecast period. As a result, forecasted capital and operating expenditures for the period covered must be viewed as a flexible plan that will be modified based on changing recovery mechanisms and market conditions. Therefore, the Company reserves the opportunity to modify its plan in response to further regulatory decisions and their implications upon the Company's financial viability in providing the required services.

**5-Year Service Quality Improvement Plan
47 C.F.R. §54.202(a)(1)
Alhambra-Grantfork Telephone Company**

The Company will evaluate this plan on an annual basis. Action, however, may also be taken abruptly on the initial plan submitted for both current and future years if evolving regulatory conditions and/or changes in technology-driven support change the financial recovery upon which the plan was formulated. All adjustments to the improvement plan in this document will be reflected and explained in subsequent annual reports.

Additionally, due to the current uncertainty of the amounts of support funds the company may receive in future years, the Company advises the Commission that the deployment of specific network improvement projects may be modified, and the meeting of projected service goals restrained, to accommodate the actual amount of support that will be received. Furthermore, cash flow and the availability of financing sources will have an impact on the timing of dollars spent on certain projects.

Given the incredible number of recent changes in the industry, the regulatory environment, technology and the service demands of customers, the Company is constantly monitoring its network and operations to make the most effective choices with respect to network investments and operational improvements.

Company Plan:

It is critically important that the services offered by the company are sustainable and that adequate revenues and support for the services are available. Any additional changes to the currently available revenues and recovery sources for the company would alter the projected investment plan presented in this document. Under the currently available revenue sources and recovery mechanisms, the Company anticipates that it will make the following improvements and/or upgrades to its network over the forecast period:

Alhambra-Grantfork Telephone Company (SAC 340978)

FCC Form 481 – Line 510

Program Year – 2015

Service Quality Standards and Consumer Protection Compliance Explanation Document:

The company is in compliance with all Federal and State service quality standards and consumer protection rules.

The Illinois Commerce Commission has defined standards for service quality in its administrative rule parts 730, 732 and 735 for incumbent local exchange carriers. The company is in compliance with these rules. The company has systems in place for customers with regard to service trouble reporting, billing issues questions and complaints, service offerings information, after hours service problem reporting and other customer issues resolution.

The company reports the results of these quality standards items to the state commission on a quarterly basis through an internet-based reporting system.

The company also complies with all applicable consumer protection rules including the implementation of customer data protection under the Federal Communications Commission's rules for Customer Proprietary Network Information.

340978il610.pdf

Alhambra-Grantfork Telephone Company (SAC 340978)

FCC Form 481 – Line 610

Program Year – 2015

Emergency Functionality Explanation Document:

The company maintains emergency backup power for the local distribution plant and central office and transmission facilities that keep the company functional in an emergency which deprives the company equipment of commercial electrical power.

Both the Alhambra & Grantfork central office facilities are powered with commercial electric power and battery banks that continue power to the office and transmission equipment for a minimum period of 8 hours in the event of a power source outage. The Alhambra central office is equipped with a natural gas powered generator and the Grantfork central office is equipped with a propane powered generator with an onsite fuel capacity providing a minimum of 48 hours of generation capacity, both of which will continue supplying power in the event of an extended power outage. Based on the battery bank and generator capabilities, the Company can remain operational in the event of an extended period of electrical power outage.

The company's customer distribution network transmission equipment, field cabinets & customer pedestal electronics have power backup that will provide a minimum of 8 hours of service in the event of a commercial power outage.

The company has additional route capacity to keep emergency service (911 service) available in the event of an emergency situation. The company also supplies emergency answering points (call boxes) for emergency personnel in the event of an isolation or emergency situation.

Voice Services Rate Comparability Report

Pursuant to 47 C.F.R. § 54.313 (a) (10) Alhambra-Grantfork Telephone Co. certifies that it is in compliance with the requirement that voice service rates are no more than two standard deviations above the national average urban rate for voice service of \$46.96 as specified in Public Notice DA 14-384 issued on March 20, 2014.

Alhambra-Grantfork Telephone Co. current total local end-user rate¹ of \$19.91 (which includes a local fee of \$19.91) is not above the standard deviation as specified in the USF/ICC Transformation Order.²

¹ Local End User Rate as defined in USF/ICC Transformation Order 26 FCC Rcd at 17751, Para. 238

² USF/ICC Transformation Order, 26 FCC Rcd at 17694, Para. 84 (footnote included) "The standard deviation is a measure of dispersion. The sample standard deviation is the square root of the sample variance. The sample variance is calculated as the sum of the squared deviations of the individual observations in the sample of data from the sample average divided by the total number of observations in the sample minus one. In a normal distribution, about 68 percent of the observations lie within one standard deviation above and below the average and about 95 percent of the observations lie within two standard deviations above and below the average."

FCC Form 481 – Line 1210
Program Year – 2015

Terms & Conditions of Voice Telephony Lifeline Program

The Lifeline Program is a federally funded program established to provide monthly assistance to low income households. Eligible subscribers may receive a discount of \$9.25 for the monthly Federal subscriber line charge and voice telephony service, or a bundled service that includes voice telephony service.

To qualify for the program, the Lifeline applicant must participate in any of the following assistance programs. The Illinois Department of Human Services may certify the applicant's participation in assistance programs listed below for purposes of determining eligibility.

- Medicaid
- Supplemental Nutrition Assistance Program
- Supplemental Security Income (SSI)
- Federal Housing Assistance (Section 8)
- Low Income Home Energy Assistance (LIHEAP)
- National School Lunch Program's free lunch program
- Temporary Assistance to Needy Families (TANF)
- Head Start
- Customer household income is at or below 135% of the National Poverty Guidelines, for a household of that size

The Telephone Company's verification of income eligibility will be through the Department of Human Services or, in lieu of electronic verification, applicants will sign a form certifying that the applicant qualifies under the program criteria, and provide program participation or income documentation to the Company for review and verification of eligibility.

The Lifeline program credit shall be limited to one credit per low income household or economic unit.

Lifeline service shall not be disconnected for non-payment of toll charges.

Qualifying low-income subscribers who voluntarily elect toll blocking, where available, will not be required to pay a service deposit in order to initiate Lifeline Service. This service will only be provided at the customer's request.

Qualifying Lifeline customers will not be charged a monthly number-portability charge.

Basic Residential Local Exchange service is available to all Lifeline qualified customers.

Basic Residential Local Exchange Service offers the customer unlimited local calling, emergency service calling (at no additional charge), access to directory assistance service (additional charge per call), equal access to interexchange toll carrier service (additional charges based on carrier toll plans) and access to operator services.

Independent Auditor's Report

To the Board of Directors
Alhambra-Grantfork Communications, Inc.
Alhambra, Illinois

Report on the Financial Statements

I have audited the accompanying financial statements of Alhambra-Grantfork Telephone Company (an Illinois corporation), which comprise the balance sheets as of December 31, 2013 and 2012, and the related statements of income, retained earnings, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audits. I conducted my audits in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, and the provisions of 7 CFR Part 1773, *Audits of RUS Borrowers*. Those standards and the provisions of Part 1773 require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Alhambra-Grantfork Telephone Company as of December 31, 2013 and 2012, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Independent Auditor's Report (Concluded)

Other Matters

My audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of deferred debits and deferred credits and schedule of investments, as required by 7 CFR Part 1773, *Policy on Audits of RUS Borrowers*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, I have also issued my report dated March 14, 2014 on my consideration of Alhambra-Grantfork Telephone Company's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Alhambra-Grantfork Telephone Company's internal control over financial reporting and compliance.

Dennis G Koch
